■ ReliefLink: Mobile App Video Demo Script (Easy to Read)

Simple, Step-by-Step Guide for Groupmates • Exactly what to click and what to say out loud

■ RULES FOR SHOOTING THE MOBILE VIDEO:

- **Rule 1:** Do NOT rush. Speak slowly and clearly. Wait 2 seconds between clicks so the video is easy to follow.
- **Rule 2:** Use the test account **ikathpie3@gmail.com** so all 7 donations, receipts, and ■160 total are already there!
- **Rule 3:** Just read the **BLUE text** out loud when doing the action in the **ORANGE box**.

STEP 1: OPEN APP & LOGIN

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Open the mobile app.
2. Type email: **ikathpie3@gmail.com** and your password.
3. Tap the eye icon to show you can see your password, then tap **'Login'**.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Hello everyone! This is the ReliefLink mobile app for church donors. First, the donor logs in securely using their email and password. Our app safely saves their login token so they stay signed in without having to type their password every time."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows that our app has a working login screen and secure accounts for churchgoers.

STEP 2: SHOW THE HOME SCREEN & GIVING SUMMARY

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. You are now on the Home screen.
2. Scroll up and down with your mouse or finger to show how smooth it scrolls.
3. Point at the two white boxes showing: **TOTAL DONATED: ■160.00** and **TRANSACTIONS: 7**.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Once logged in, the donor sees their Home dashboard. Right away, they can see their personal giving summary: this user has donated a total of 160 pesos across 7 transactions. Notice how smooth the scrolling is—it bounces naturally like a real mobile app."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows the donor's personal stats so they feel good seeing their total contributions.

STEP 3: TAP DONATE & CHOOSE WHERE YOUR MONEY GOES

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Tap the big round **Donate** button in the middle of the bottom bar.
2. Tap the dropdown box called **'Destination'** and pick **'Parish General Fund'** (or Elderly, Scholars).
3. Click the **■25** button (or type 25 in the amount box).

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"To make a donation, the user simply taps the Donate button in the center. Unlike other donation apps where you just send money blindly, ReliefLink lets donors choose where their money goes—like the Parish General Fund, Elderly Care, or Student Scholarships. Here, we choose 25 pesos."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Proves donors have full control over what cause their money helps.

STEP 4: CASHLESS PAYMENT VIA PAYMONGO (GCASH / QR PH)

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Tap the button that says **'Proceed to PayMongo Checkout'**.
2. The PayMongo screen pops up showing **QR Ph** and **GCash**.
3. Finish the test payment and show that it goes back to the app with a success checkmark.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Next, the app connects to PayMongo. Donors don't need cash or coins—they can just scan the QR Ph code using GCash, Maya, or their bank app. Once paid, the system automatically confirms the donation in seconds. Donors do NOT need to screenshot receipts and send them to Facebook anymore!"

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Proves automated cashless payments work smoothly without messy paper receipts.

STEP 5: VIEW HISTORY & SHOW 5-SECOND AUTO REFRESH

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Tap the **History** tab at the bottom.
2. Wait a moment and explain that it automatically updates every 5 seconds without pressing any refresh button.
3. Tap on the top **■25.00** donation to open the receipt.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Now let's check the History tab. A great feature here is our 5-second auto-refresh. Whenever the parish updates a donation or disburses money, this screen updates by itself in the background without any loading spinner. When we tap a donation, it opens a clean digital receipt."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows real-time syncing between the admin and the donor.

STEP 6: SHOW THE BLOCKCHAIN HASH (THE PROOF)

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Inside the opened receipt, scroll down to the bottom.
2. Point at the blue box with the long code starting with **0x...**.
3. Tap the little **Copy icon** next to it. A message will pop up saying *'Blockchain hash copied to clipboard!'*.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"At the bottom of this receipt is the most important part of our capstone: the Blockchain Hash. This long code starting with 0x proves that this donation was permanently written onto our private Hyperledger Besu blockchain. Once written, no one—not even the parish priest or admin—can delete, fake, or edit this record. It is 100% tamper-proof proof of payment."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

This is your biggest capstone feature: proving blockchain immutability in simple words.

STEP 7: SHOW 'REPORTS & TRANSPARENCY' (STICKY TABS)

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Go back to Home, then tap **'Donation Transparency'**.
2. Scroll down slowly: show how the top blue box slides up and the 3 tabs stick neatly to the top of the screen.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Now let's open the Reports & Transparency screen. Notice how the top blue summary card smoothly scrolls away so the 3 tabs stick to the top. This gives the user the whole screen to easily inspect records without feeling squished."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows that you fixed the hard scrolling and made the layout clean and modern.

STEP 8: EXPLAIN 'MY CONTRIBUTIONS' (WHERE DID THE MONEY GO?)

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. You are on the first tab called **'My Contributions'**.
2. Point at the bar showing: **Disbursed: ■45.00 (28%)** and **Cash on Hand: ■115.00 (72%)**.
3. Tap open the ■25.00 donation card. Point at the box that says **GIVING IMPACT BREAKDOWN**.
4. Read the note: *'Community Kitchen Feeding Program — Purchased warm nutritional meals for 15 children'*.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"This tab is called 'My Contributions'. Look at the progress bar: it tells the donor that out of their 160 pesos, 45 pesos has already been used for community relief, while 115 pesos is still safely held in the church treasury.

When we open the donation card, look at the Giving Impact Breakdown: it tells the donor that their 25 pesos was used on October 14 for the 'Community Kitchen Feeding Program' to buy warm meals for 15 children! This answers the donor's question: 'Where did my money go?"'

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

This is the adviser's favorite feature: proving donors can see the exact feeding program their money went to.

STEP 9: CHECK ANNOUNCEMENTS & PROFILE SETTINGS

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Tap **Announcements** on the bottom bar. Click the dropdown filter and choose **'Urgent Relief'**.
2. Tap **Profile** on the bottom bar. Show their name, email, and the 'Change Password' option.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Finally, the Announcements tab keeps parishioners updated on urgent calamity relief drives. And on the Profile tab, parishioners can update their information and change their password anytime.

That concludes our mobile donor app demonstration. Thank you!"

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Wraps up the mobile video cleanly in under 6 minutes.
