■ ReliefLink: Web Admin Portal Video Demo Script (Easy to Read)

Simple, Step-by-Step Guide for Groupmates • Exactly what to click and what to say out loud

■ RULES FOR SHOOTING THE WEB ADMIN VIDEO:

- **Rule 1:** Have the browser open at **localhost:3000** (or your live render link). Set browser zoom to 100% or 110%.
- **Rule 2:** Log in using **Francis Arillo** (Superadmin).
- **Rule 3:** Just read the **BLUE text** out loud when doing the action in the **ORANGE box**.

STEP 1: LOG IN AS SUPERADMIN

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Open your browser to the ReliefLink Web Login screen.
2. Type your Superadmin login credentials.
3. Click **'Sign In'**.
4. Point at the sidebar showing **'Francis Arillo — SUPERADMIN'**.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Welcome to the ReliefLink Web Portal demonstration. This portal is designed for the parish priest, church accountant, and ministry staff. We log in as Superadmin, which gives full access to financial auditing, fund disbursements, and decision reports."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows that the admin portal is protected by role-based access control.

STEP 2: SHOW THE ADMIN DASHBOARD & SOLVENCY KPIS

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. You are on the **Admin Dashboard** tab.
2. Point at the top 4 number cards: **Total Collected: ■161,343.00**, **Beneficiaries: 171**, **Actual Aid Disbursed: ■18,923.00**, and **Treasury Reserves: ■142,420.00**.
3. Scroll down slightly to show the monthly collection charts.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"On the main dashboard, parish leaders immediately see the financial health of the church. Here, we see a total of ■161,343 collected from the community, 171 registered beneficiaries, ■18,923 disbursed to active missions, and ■142,420 currently in treasury reserves. The charts below display monthly collection trends."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Proves the parish council has full visibility over inflows and outflows.

STEP 3: DONATION MANAGEMENT & STATUS FILTERS

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Click **Donation Management** on the left sidebar.
2. Click the filter tabs: **All**, **Pending**, **Approved**, **Partially Used**, **Fully Used**, and **Canceled**.
3. Type Marie in the search box to show instant search filtering.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Next is Donation Management. This is the master list of all cash and digital donations. Admins can filter by status—seeing which donations are approved, which are partially used, and which are fully used. Notice that canceled transactions are separated so they never mess up the church's real money balance. We can also search any donor by name instantly."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows clean bookkeeping and that canceled donations are cleanly separated.

STEP 4: DISBURSE MONEY TO A RELIEF OPERATION (THE LIVE SYNC)

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Click on an approved donation (for example, a ■30.00 donation).
2. In the popup window, click **'Edit Status / Disburse'**.
3. Choose status: **'partially used'**.
4. Type Disbursed Amount: **20.00**.
5. Type Purpose: **'Typhoon Relief Operation'**.
6. Type Notes: **'Purchased 5 relief food packs for affected families'**.
7. Click **Save**. Show the popup confirming the balance remaining is ■10.00.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Now let's show how the parish actually spends donor money. When the parish conducts a relief mission, the admin opens a verified donation and clicks Disburse. Here, we allocate 20 pesos for a 'Typhoon Relief Operation' and write notes that 5 food packs were bought. The system automatically subtracts 20 from 30, leaving a remaining balance of 10 pesos.

The moment we save this, the donor's mobile app immediately updates to show their 20 pesos was used for Typhoon Relief!"

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

This proves the link between the admin portal spending money and the donor mobile app showing where it went.

STEP 5: BENEFICIARY REGISTRY & SCHOLAR GRANT MATRIX

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Click **Beneficiary Management** on the sidebar.
2. Show the list of 171 registered people (Scholars, Seniors, Indigent Families, Calamity Victims).
3. Click the **Scholar Grant Renewal Matrix** tab to show the scholars list.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"In Beneficiary Management, the parish registers all families and individuals who need assistance. For church scholars, we have a specialized Scholar Grant Renewal Matrix that tracks student grades, attendance, and church community service hours so scholarships are renewed fairly based on real merit."

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Shows the parish has organized lists of real people receiving the aid.

STEP 6: EXPLAIN THE PRESCRIPTIVE ANALYTICS ENGINE (THE MATH)

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Click **Reports** on the sidebar.
2. Point at the top 4 cards: **Optimization Baseline (171 Members)**, **Prescribed Aid Target (■161,343)**, **Actual Disbursed (■18,923)**, and **REMAINING ALLOCATION GAP: ■142,420.00**.
3. Scroll through the table. Point at **Urgency Multiplier**: 1.6x for Scholars, 1.4x for Feeding, 1.3x for Seniors.
4. Point at the orange badge: **'Gap: ■30,222.00'** and read the text: *'Disburse ■30,222 to reach optimal 100% allocation'*.
5. Point at the blue **'Manage Aid'** button.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"This is our most advanced capstone feature: The Prescriptive Decision Support Engine.

Normally, church committees guess how much money to give to each ministry. ReliefLink replaces guessing with math! Our algorithm checks the 171 registered members and multiplies them by urgency weights: 1.6x for students with school fees, 1.4x for feeding hungry families, and 1.3x for senior citizens' medicines.

It calculates the exact Prescribed Target and shows the 'Remaining Allocation Gap'—here ■142,420 waiting to be given out. The system gives clear instructions, like: 'Disburse ■30,222 to reach optimal allocation'. By clicking 'Manage Aid', the admin is taken right to the beneficiaries to release the aid!"

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

This explains the Prescriptive formula and the Gap in clear, impressive language.

STEP 7: EXPENSES, DOCUMENTS & ANNOUNCEMENTS

■ WHAT YOUR HANDS / SCREEN MUST DO:

1. Click **Expenses** to show uploaded receipts.
2. Click **Documents** to show stored PDF audit files.
3. Click **Announcement** to show how church alerts are published.
4. Conclude the video.

■■ EXACT WORDS TO SAY OUT LOUD (READ THIS CLEARLY):

"Finally, the Expenses tab allows admins to upload official receipts for transparency, the Documents tab archives church audit files, and the Announcements tab publishes mass schedules and relief alerts directly to donors' phones.

That concludes our administrative portal demonstration. Thank you!"

■ WHY WE ARE SHOWING THIS (SO YOU DON'T GET CONFUSED):

Concludes the web demo video cleanly and professionally.
